side was statue or picture of Gods
with words something like this the

Mannheim Friday July 29

In the morning Sister Riegler came to see if there were such a name as Kassel ^{as he} or called Hepp (but we could find such a name, he claims to have been a member of our church, she having his son Carl and ^{she} was called up at the police station as this Kassel said that he had been staying at Riegler, seeing as he had got in

some trouble, It appears as if he had told her that he was a Mormon so as if she would take his son.

In the after-noon, Phillip and I went out to visit Sister Huss at H 4 1/8 she being not at home we told her that we would call at 4 that evening. while waiting we went to Rieghers. Bro Riegher and I had a few word over a book. Then he began about the Elders, deceiving them an lithering as he said that he was a little sharper than the elders thought they would ever be, I said Leo, Henry and Carl. g had taught them how it was in general. I told him what I thought about it he then told me that I was like the rest of them would try to make him Gavg. and then said that he would save his

money untill the end of the year and then pay his tithing. I told him that he could do as he pleased about that.

I had a talk with her about the gospel. she was very cold, and brought up the subject of Polygamy, she said that it was still practiced by our people because an old Geistlicher told her he was in America and knew the condition there, I told her that it seem to me that there seem to be some disapointed when except the gospel and find that this is not the case, and find out that we are not here for the german girls and the consequence they soon appostise from the gospel, when I

began talking like this she said 'I can't understand you at all. I said, I can tell you in english she didn't care to try to understand it at all.

Spent the day at my room. a Cathlic lady brought us a piece to read containing part of a love letter that a Cathlic. Pfarrer by the name Colbus (69) 28 years was the age of the

married woman to whom he written this letter
part of it is as following

Mein gutes, mein liebes Marie! Ich habe
gezittert vor Freude, als ich Deinen
Brief erhalten habe. Ich kenne so Deine
Schrift. Diesen Brief habe ich schon
ich weiss nicht wie oft gelesen. Es ist
mir, als sähe ich Dich in meiner Nähe.
Ich sehe Deine jugendliche Gestalt. Deine
anziehende Brust, Deine rosenfarbigen
Lippen, Deine schönen Augen, Deine
wunderschönen Haare, Deinen ganzen
reizenden Körper. Ich höre Deine Stimme.
Du sagst mir so sanft: O, ich liebe Dich
und dann drücke ich Dich an mein
Herz, ich küsse und küsse Dich tausend-
mal. Du bist mein, ganz mein, und ich
bin Dein, ganz Dein, O mein liebes Marie.
Dir sagen, wie sehr ich Dich liebe, ist
nicht möglich. Wärest Du ^{mir} mein, Könntest

Du nur bei mir bleiben. so wäre ich glücklich, mehr als glücklich, ich würde Neunkirchen und alles gern vergessen.

Leider aber vergehen Tage, Woche, Monate, und ich kann Dich nicht sehen. Es vergeht fast kein Tag, wo ich nicht an Dich denke, es vergeht fast keine Nacht, wo ich nicht von Dir träume, dann halte ich Dich in meinen Armen, Deinen Mund auf meinen Mund, Dein blosses Herz auf meinem blossen Herzen, ich in Dir und Du in mir. O schöner Traum. Doch soll er nicht immer ein Traum bleiben. Ich lade Dich also hiermit ein, zu mir zu kommen, die nächste Woche, Montag, den 16 oder Dienstag den 17 Juni. — In einer anderen Stelle heisst es: Es wird Dir nichts fehlen. Dein Korsett wirst Du sobald ausziehen, dann wirst Du mit gutem Appetit essen und dann

wird auch Dein Herz für mich nicht wie
engesperret sein. Bleibst Du über Nacht,
so wirst Du ein nettes Zimmer und ein
sehr gutes Bett bekommen. Du wirst
nicht kalt bekommen. Dein Freund,
Dein bester Freund auf Erden wird in der
Nähe und an Deiner Seite sein, und wir
werden uns lieben so oft und wie wir
wollen."

himself or in other words hung himself
here in Mannheim in the penitencence
für eine unangenehmlichkeit welche er an
sich gebracht hatte. Er hat eine schöne
junge Frau und war nur zwei Jahren geheiratet.
Die Ursache warum er sein Leben

there now and then for supper and then
go arround among the widows and other
saints and also the friends and barrow
money and that being the last they
would see of him or the money. Such
brother I said need not invite me to visit them
and it would also be much better for the
branch if they were cut off, She said to

me that she herself had warned the saints against lending him money. for says she as soon as he has no worke he gets a big thirst for whiskey and begs of every one he can to satisfy his hankering for whiskey.

Phillip and I went to see the slaughter house of Mannheim run by Jews and ~~the~~ other people. The way in which the Jews kill their cattle they put two large straps under a creter's body and raise them in the while they are off from the floor they bind their feet and in this way can let them fall when they wish them one comes with a knife with the length of about two feet cuts the creter through with one stroke letting the blood run off, not using it at all. The Jews seem quite clean with their work. The other party brings the creter in and holds it; a man kills it with a shot put in a short barrel of steel and places the instrument on the creter's forehead, then discharges it with a hammer; then

they bring their blood cans the one takes
the blood from the creature and the other
steers the blood so that it won't clog or
turn black so quick; from this blood
is ^{the} ~~the~~ "Blutwurst". We saw them kill two
horses one was all diseased at least
it looked so. having a big abscess or
diseased sore one in nose they cut it
out and saved the remainder
of the head. I suppose that they would
get or make Wurst from it. They
struck very bad the other old plod
was one that couldn't hardly get around
it looked as if the Germans had used
it in their war in '870. we also saw them
kill these hogs using an arrangement
made of iron a sharp piece of steel
running down through a slaughter which
he drove in the ~~hog's~~ brains then they
stucked them some in the order as they

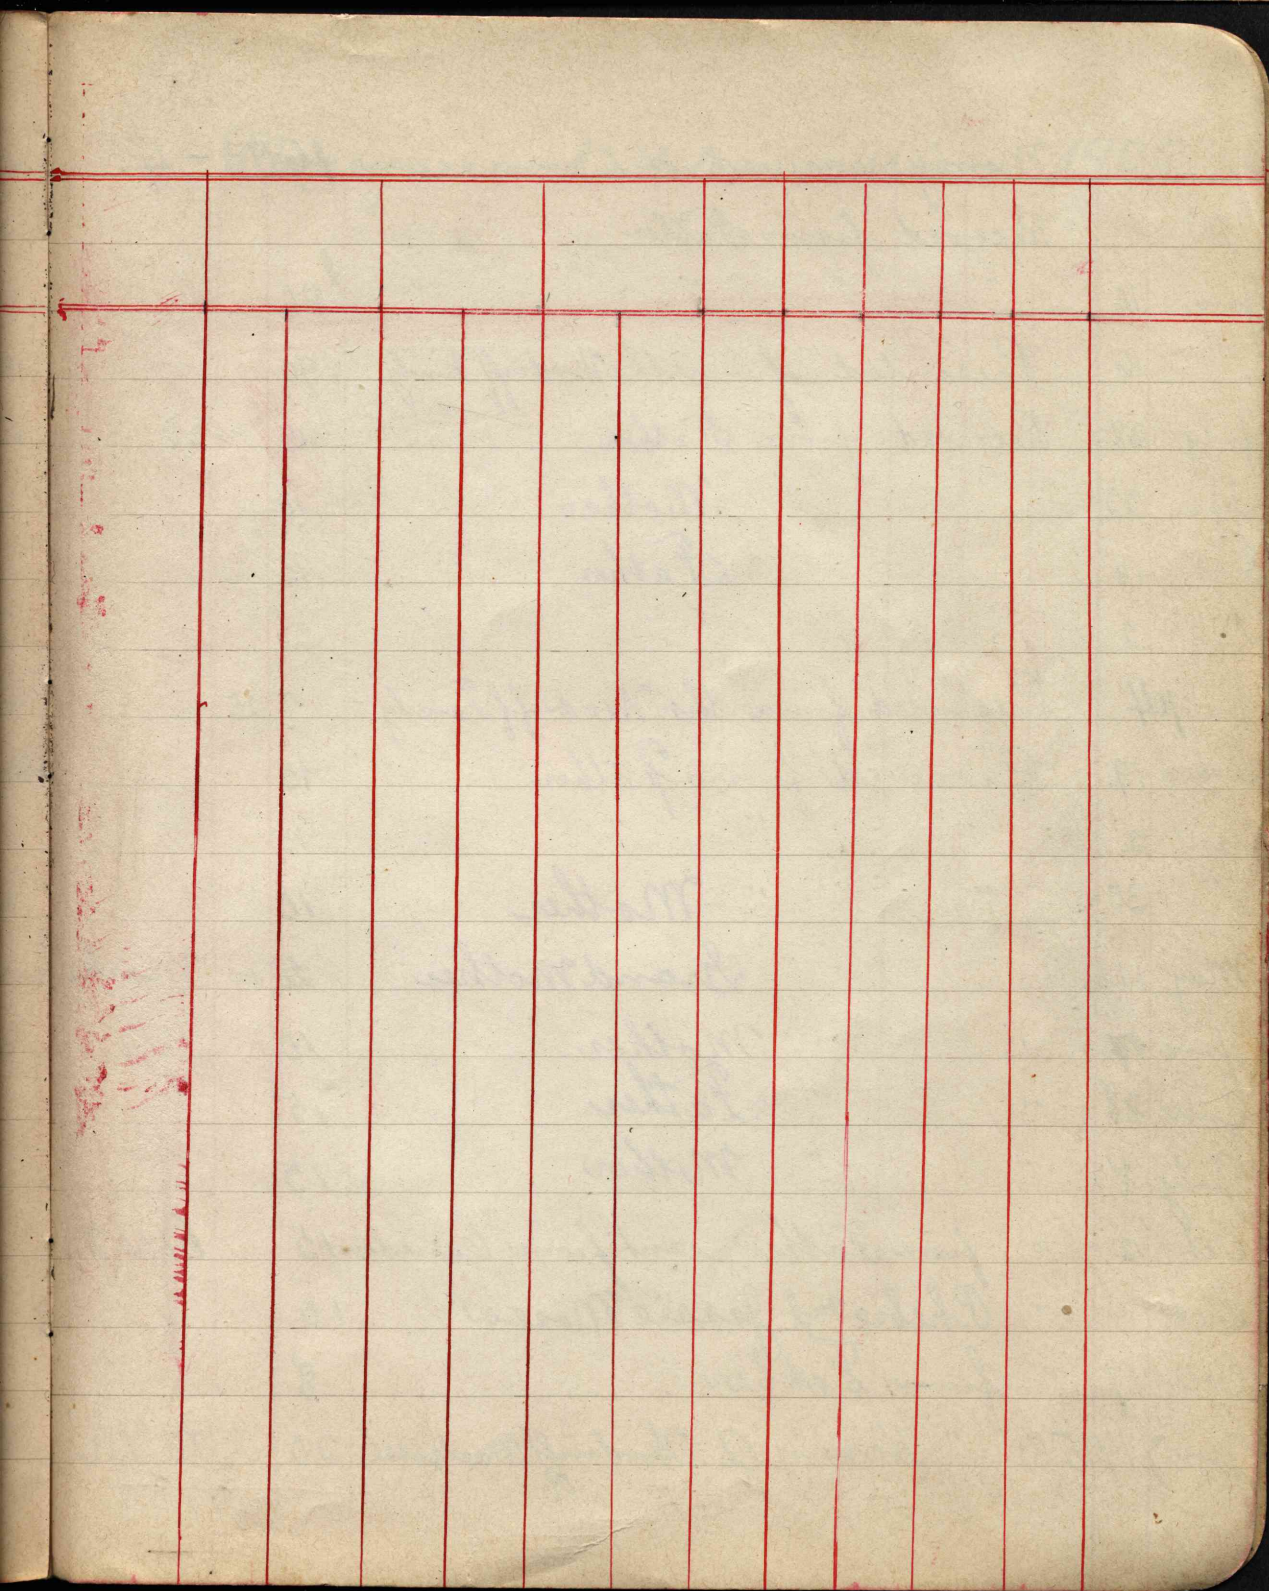

did the cattle in order to obtain the blood;
They had a large boiler with a
diameter of about nine feet; being heated
in by an engine in an other part of the
building the water being carried in pipes.
They had no sheep in the yards so we
missed seeing ^{the killing of} the sheep.

In the after noon I went tracting
in the Switzinger Str on my way
back I called in to see Sister Bach
Old Bach had just left he came
home drunk and gave his wife the
dickens. Daniel was going about him
and said that he himself was going to drink
no more.

Phillip and I visited Spährs in
Lugwigshafen Bismark Str 4. He
explained to rout to Phillip from
her to Regensburg and the best way
for him to go.
