went out and saw the parade there was
some like a thousand children and a
number "Geistlichen" or Catholic preachers
it was amusing to watch them ever how
distant they would hold a sermon in Latin
all kneeling down on the dirty street with
their white clothes. Bro. Tribe and I had

dinner at Geschw. Dworack. In the

Cologne Tuesday June 13

Modest & clear. Bro. Tribe and I went through
the Schlachthof. It was arranged quite good
The cattle was killed with a short gun which
was held on the head then fired. Some were
killed by cutting the throat taking only one
stroke. They had it arranged so the meat was
run into the storage department and pollicies.
They had a large ice plant in the storage
building. The calves were placed on a
platform struck with a large club then
their throats cut most all of the blood was
saved. The hogs was killed with a spike

they had it arranged so they put the pigs in
the scolding bars with a derek. We were
too late to see them kill the horses they
had four which they were cleaning.

altho it was not as large as the French
department. In the Canada Building the had
some good exhibits of timber one stump

and Grant spoke between Pres. Ballif and Grant
speeches Willard Andelin sang 'Love divine';
In Pres Grant remarks he counseled us very
strong to keep at our duties after returning
home he said a boy who has been wild and
then came and fulfilled a good and faithful
mission then if he goes back to his old
habits he will certainly loose the spirit of
the gospel and will not prosper. He related
an instance of a very good friend of his when
a boy that came on a mission and as soon

as he was released. He said huraw boys
now I can have a smoke and in a short
time he lost the spirit of the gospel and
keep getting worse. Presb. Grant said that
he took his first mission when he was
42 years old. "That which we persist in
doing becomes easier not that the nature
of the thing changes, but that our power
to do is increased by doing."

Let each man learn to know himself;
To gain the knowledge, let him labor,
Improve those failings in himself.
Which he condemned so in his neighbor.
How lenient our own faults we view,
And conscience voice adespaly smother.
But oh! how harshly we review
The self-same errors in another.

And if you meet an erring one
Whose deeds are blamable or thoughtless
Consider, ere you cast the stone,
If you yourself be pure and faultless!
Oh! list to that small voice within,
Whose whisperings oft make men confounded,
And trumpet not another's sin;
You'd blush deep if you own were sounded
And in self-judgment, if you find
Your deeds to others are superior.

To you his Providence been kind,
As you should be to those inferior;
Example sheds a genial ray
Of light, which men are apt to borrow;
So first improve yourself to-day,
And then improve your friends to-morrow,

The Scriptures and Their Interpretation.

Occasionally the Prophet (J. S.) expounded the Scriptures, and in this he was most happy: not so much on account of his knowledge in ancient languages - though that knowledge, when his opportunities for acquiring it are taken into account, was surprisingly extensive - as from that divine inspiration which so mightily rested upon him at times. Of the Bible itself the Prophet said:

I believe the Bible as it read when it came from the pen of the original writers. Ignorant translators, careless transcribers or designing and corrupt priests have committed many errors.

As an example of errors which had crept into the holy record he put in contrast the following:

Gen. 1:5-6
Gen. 1:6 It repented the Lord that he had made man on earth. -

God is not a man, that he should lie; neither the Son

of man that he should repent. - Numbers 23. 19.

His exegesis, which at once harmonizes the conflicting passages, and satisfies the understanding, is as follows.

It ought to read: He repented Noah that God had made man. This I believe, and then the other quotation [meaning the second] stands fair. If any man will prove to me by one passage of holy writ one item I believe to be false, I will renounce and disclaim it as far as I have promulgated it,

In like manner he set the following passage right Hebrews 6:1-6. The first principles of the Gospel, as I believe, are, Faith, Repentance, Baptism for the remission of sins, with the promise of the Holy Ghost. Look at Heb. 6:1, for contradictions? "Therefore leaving the principles of the doctrine of Christ, how can he be saved in the principles? This is contradiction. - - I will render it as it should be:

"Therefore not leaving the principles of the doctrine of Christ, let us go on unto perfection, not laying again the foundation of repentance from dead works, and of faith towards God," etc.

In like manner ~~he~~ pointed out a solecism in the Lord's prayer.

It reads in our common version:

Lead us not into temptation, but deliver us from evil, for
Thine is the kingdom, the power, etc. In contrast with this

may be placed the statement of James: ~~Let no man say~~

Let no man say when he is tempted, I am tempted of
God: for God cannot be tempted with evil, neither tempteth He
any man. — James 1:13.

Then why pray to God the Father —

And lead us not into temptation?

The Prophet's exegesis () was.

The passage should read: And leave us not — or, suffer us
not to be led, into temptation, for Thine is the kingdom, etc.

Again, in a public discourse he dealt with the following
Passage: Among those that are born of women, there hath
not arisen a greater prophet than John the Baptist; neverthe-
less, he that is least in the kingdom of heaven is greater than he.

Taking up the first part of the question, viz: the greatness
of John, he thus expounded it:

Firstly, he (John) was trusted with a divine mission of preparing the way before the face of the Lord. Whoever had such a trust committed to him before or since? No man. Secondly, he was intrusted with the important mission, and it was required at his hands to baptize the Son of Man. Whoever had the honor of doing that? Whoever had so great a privilege and glory? Whoever led the Son of God into the waters of baptism, and had the privilege of beholding the Holy Ghost descend in the form of a dove, or rather in the sign of a dove, in witness of administration?

*** Thirdly, John at that time was the only legal administrator in the affairs of the kingdom there was then on earth and holding the keys of power. The Jews had to obey his instructions or be damned by their own laws, and Christ Himself fulfilled all righteousness in becoming obedient to the law which He had given to Moses on the mount, and thereby magnified it and made it honorable, instead of destroying it.

The son of Zachariah wrested the keys, the kingdom, the power, the glory, from the Jews, by the holy anointing and decree of heaven: and these three reasons constitute him the greatest Prophet born of women.

Taking up the second part of the subject - "He that is least in the kingdom of heaven is greater than he," [i.e., greater than John] - it was made easy to understand in the following manner:

How was the least in the kingdom of heaven greater than he (John)? In reply, I ask who did Jesus have reference to as being the least? Jesus was looked upon as having the least claim in all God's kingdom, and was least entitled to their credulity as a Prophet, as though he had said: "He that is considered the least among you, is greater than John - that is myself."

And shall come forth; they that have done good, unto the resurrection of life; and they that have done evil, unto the resurrection of damnation. But to the Prophet ^{it} was given: *** And shall come forth; they who have done good in the resurrection of the just, and they who have done evil, in the resurrection of the unjust.

Then follows upon this rendering of the passage by the Spirit, a revelation concerning the future state of men and the different degrees of glory which he will

inherit, the like of which is not to be found elsewhere in all that is written among the children of men: and which, in part, I quote. Reverting to the passage as given by the Spirit, the Prophet says:

The Vision of the Son's Glory.

And we beheld the glory of the Son, on the right hand of the Father, and received his fullness; And saw the holy angels, and they who are sanctified before his throne, worshipped God, and the Lamb, who worship him for ever and ever.

For we saw him, even on the right hand of God, and we heard the voice bearing record that he is the Only Begotten of the Father—were created, and the inhabitants thereof are begotten sons and daughters unto God.

Time, Times and Dividing of Time.

This phrase alludes to the "Times of the Gentiles." The only clue to its duration is Nebuchadnezzar's dream given 570 B. C.. Nebuchadnezzar is held to be the type of Gentile power. This is shown
