Cross 7:34

Before I got up the mail carrier brought me a package which Bro.

Büchler had sent me it containing a dozen brochures of the Salt Lake Temple and also two that I had ordered the other ones he wanted me to try and sell that vexed me some but when I opened another letter which he had sent me wishing that I would try and help him find a wife among the saints here in this branch, I thought that he had his nerve, burying his wife about six weeks ago, and trying to find this seems to be a custom to some extent here.

After dinner I went tracting gave 9 No II tracts out in Switzinger Str had two Conversations a Evangelische

405 Frau gave me 20 Pf. I had quite a G.
C. with a Catholic Frau over children
being baptized. She said that baptism
was instead of the circumcision. I explained to
her that Baptism was for an other purpose
than what many Christians claimed it to
be for. I met Sister Riegler up town
she was saying that a brother from
Holland had visited them.

Mannheim Thursday Aug. 18

Spent the day at my room. Held
Bible Class in the evening. A brother

I went tracking in the Gwitzinger
in the forenoon, when I got back
Herr Dietz told me that a
Geheimpolizei had been here and
wanted to see me said that

he would come back at 4 o'clock

Philipp and Atius Dietz went out to buy a fighting ant. pit. About 6 o'clock the Geheimpolizei came and rang ^{the bell} at the door "Ich bin Geheimpolizei und möchte mit Herrn Woodruff sprechen, I invited him in; he ask me my name my parents name wher my home was and what for wages I received and from whom did you receive your salary. From the people here or in America, I told him we recive no salary at all and that wasn't all we pay our own way while on this mission, we don't come here for any other purpose than to warn our fellow being of the coming of our Lord and Savior Jesus Christ and I bore to him my testimony.

and gave him three of our
tracts he saw Pres. Cannon's name
on them and he ask me if he is the
Cannon who was banished from
Mannheim, I then ask him how it
is, that our elders are banished
from many of the cities, here and
they never have a cause at all
why they are banished or at least
they never state any in their
banishment papers. I told him
it isn't surly on the account
of our teaching if the people believe
at all in the teaching of Christ
they couldn't find any thing against
Er sagte nein, es ist nicht dages, aber
wegen Ihr Verruf = but on account of
our ill nam. I ask him how is that
Er sagte Sie sind die Mormonen
mit den viel Frauen, Nicht wahr?

I told him that at the present time polygamy is not practice by our people nor hasn't been practiced since 1890. but it is a principle from God and if you believe in the Bible I can show you that principle established by God as he gave Abraham a second wife. I asked him which was it better for a man to have ein paar Fräw welche er ehelich genommen hat oder eine Fräw und dann^{zu} tun wie viel von den Geistern es machen. ich brache^{da} Ihnen^{das} nicht ~~das~~ zu sagen. He then began to ask me some questions about America.

Did no tracting. was at my room all
day. In the evening Phillip and I
visited a family of Apostles
two young men came there we had
quite a discussion with them; They

wouldn't talk on any subject on "their
God" as they claimed to have in their hearts
they ask me if I knew God and if
~~we~~ had seen him; They claimed that they
had seen him; ^{they} said he was flesh and at
the same time said that he was only
a spirit. They ask me where heaven is, I
told them just where it is I don't know
as up to this time I haven't seen any
heaven here on earth and haven't been
in any other sphere. They told us that they
had heaven in their hearts. they cited
some word out of the bible "1 Cor: 3: 16-17
2 Cor 6: 16 Speaking of the body being the
temple of God. and where it says, I
dwell in them, ^(in the people) and walk in them, I
told them we will now take the bible
and see if it ~~doesn't~~ substantiate
that God has an existence and also
his Son; They said that we don't care

what the bible teaches: that it was used in earlier days, but Christ said to his apostles I will be ^{with} you intill on the end of the world: and what our apostles say is law; They began explain the first chapter of John to us saying that God is a spirit as it gives him there said that he came and went into Moses, and also Christ and now is in their apostles,

We got to speaking of the calling of men which God calls. They declared that no one needs to be call of God, their good feel as they call it which is in their hearts call them to be servants of the Lord. I said yes it is true that the calling of men is indeed of men. But the calling of God is of God: explained to them how Aaron was called and also the of Jesus Christ said I haven't call myself but my father has called.

I had heard a great deal of this sect but these being the first ones that I have met. They are one of the most unreasonable people that I have ever met. At the young man said God spoke all things in parables, and as they explain them one would think they need to be repaired.

We bore our testimony to them, and parted friendly with them.

told us that we could come again the following Monday. We were informed at 15 Quer Str No. 55 that the sister Margdaretha Deinhardt had removed to Nürenberg, but two of her daughters still remaining at the mentioned address. We also called on Sister Lightinberg's spent a few minutes there inquiring how she was feeling, and she to be feeling perfectly all right in the gospel and said that she desired to have her name recorded in the new books.

After supper we three elders visited Riegers. We read the 1-2 Ch. of the II Book of Nephi through. The evening was spent pleasant. The flees had scared Bro Glad. up quite bad. He doped himself up some to prevent them before retiring for the night.

We called at Meillers and got some names and what information we could of Sister Müller. from there we went to Bro Eder's I had quit a talk with his son Theroder he said that he never had'n't nothing against the church and also against having his name on the books. I got the address of his daughter

Marie Eder Bell Str 12.th From there we went to
the Schuitzinger Str 148 called on Frau Blohmann
the wife of Franz Blohmann but unfortunate in
not finding him at home. We stoped in at Sister
Blohmann's. I ask Adam how he was feeling
in the gospel, and if he desired that his name
be written in the new books he said that he
never had any thing against it. Sister was
friendly she prepared coffee for us. The intended
wife of ^{Adam's} was quit sick, and had to enter go an operation.

at Gartenfeld Str 2th to visite Bro Conrad
Altvater but the were not at home. From there
we went to 15 Quer Str 55 and there we met
sister Jacobina Schott. I ask her how she
was feeling in the gospel. Of course she began

telling me the trouble that they had had as members of the church as this is generally the case, among the back-sliders, ~~He~~ Said that her father had been in America and wasn't satisfied there, and he made a regular hell for them when they tried to do anything in the gospel. I ask about her sister who had received the gospel, at first she would not tell me where she was, as she said that it would only make trouble in their family as her husband is a Unitarian and they are very much against the Mormons. She was very friendly and said that she may come to our Meeting. This finished our visit for the day we returned late to our room. I wrote up my journal and retired.

Weather Clear and pleasant

I studied during the fore noon, Philipp, Carl and I took dinner at Frau Fries Q 2-22. Bro Glad came back to the room. Philipp and I went out to look up the back slider or stray saints

First we went across the Neckar called at Gartenfeld
Str 2th but again we had no success in finding
Bro. Conrad Altvater at home die Frau said
that he had just left Monday morning and
wouldn't be back for some weeks. leaving there
we went to 14 Querstr 67 looking for Jacob Grimm
were unfortunate in not finding him as he had
moved Tübingen. This ended our looking for
saints in the Neckarvorstadt. We then went over
to Ludwigshafen. I inquired of several policemen
if they could inform me where Wilhelm
R. O. Wassertal and Heinrich Hergart they
knew nothing of them. so I went to the
Police station and ask them at the Anmelde
office but they couldn't find out anything
about them. We went from there to Bro Sühs
Grävinaw Str 65 the cigar maker there we
inquired there about some of the lost ones
which we were to look up. who were supposed to
live in Friesenheim. They told us that it

was the next little village or city we got there
and I ask several if they knew where
the Heinrich Schnitt and Philipp Denzer
couldn't find the least tract of them. so
I concluded to inquire for them at the Enageschrie-
ben Amt. and there I found that the person
names, whom I was looking for, were in
Ludwigshofen, I found out there that we still
had ~~an~~ half an hour to go before we came
to Friesenhein. Philipp and I marched
on I inquired of several person if they could
not inform us where the two families lived
we never obtained any information, I saw
a house with a ~~sign~~ nailed on it with the
name of Schnitt on it. I ask the lady if she
could inform me where Heinrich S. lives, she
ask me a number of questions, my purpose for
seeing. I didn't let her know my purpose, as
in Beyron they are very strict with us, she gave
me his address. Finally we found this Heinrich

Schmitt's place but he never had any connection with our church. I began inquiring of the Fran connection with them and the ^{anc} church, thinking at first that they were the right people but I then began to think that this family wasn't to be found there. When we returned to Sicks they ask us if we found the people. We told her we hadn't. She said that he went by a nickname, she laughed us out and said that she knew that we couldn't find him, by his right name, I felt quite angry at her for not telling us his "Spot name," Sister Sicks sent her little girl out to ask ^{as sister} ~~etc~~ to come there, this sister Wilhemina Wagner Kehmsner, I inquired of her how she was feeling towards the church, She said that she personally felt good towards the church, but her man was very opposed to it. he being a Social Democrat. I also met her father Johann Wagner from

Birstadt by Hessen. he has been a member of the church for about fifteen years. He is like the most of the saints which have become cold and indifferent in the church. He had a cud of tobacco in his mouth and his breath stunk so of "Snopes" that one could hardly stand to be in his presence. He walked down through the city with us, we had a hard time to get rid of him; he wanted to help us look up a family. He tried to make us think that he had a fine family and wanted us to take the train and visit them. I returned at the noon at 8. Bro. Kunkel went to Rieglers. After having a bit of supper Bro. Glade and I went out to make some more visits, called at Wilhelm Blohmann's. Bell Meerfeld Str 41: B. H. W. He and his wife were not at home; Their small children

were crying; being locked up at the house. They said that their parent were out for the evening but didn't know when they would return. I suppose that they were out in the Wirthhäusern as this is a custom over here in many cases. He came back to the room finished writing up my journal, and did some reading from the Deutsch Doc. & Gov. being tired retired early. Bro. Glad had a terrible time with flees.

After searching for some time we found the place, At first the men who were working at the office, didn't know who I meant; as it seems as this man goes by a nickname; Finally I found them but he was unable to tell me any thing about his wife's parents. Er hat sein eigen Vater nicht gewünscht. Er sagt dass sein Mutter was nicht verheiratet. We came back had dinner at the Reform Restration; After dinner Dr. Glade and I finished getting the names of the saints recorded, but so far we were not able; to get all names of parents and dates so as to have the records complete. At last we found Georg Blohmann at home he was very cold towards the gospel, but wouldn't give us any definent answer if he desired his name with drawn from the membership roll or not said that he would let us know later.

There was an old Bishop present. He went through their regular strange customs most every word was uttered in Latin. so we couldn't get any head or tail to it.

Fraulin Martin met us at the outside door at a quarter to eleven, she took us to the Königes Kirche or the one in the Schloss. I ask her on the way if all would be spoken in Latin, she most of it would be German. But when we came out we never knew any more what was said that before we went in she as well as they sang and went through all of the — simonies there wasn't any sermon delivered, the service contained

of the old Geistlicher promading the stage or pulpit bowing
and throwing Holy water as they call it, (I came
to the conclusion that many people were about right
who one meet while traveling, who say. Yes I was

die Geister sagte, und set. aber nicht mehr mein Freund.
I don't blame them for not believing. Toward the last of the
